This country house is located just 5-10 minutes walking distance outside Pinoso town. Close enough to walk into town and far enough away to have the peace and quiet of the countryside on the Carche mountain. The house is in an elevated spot with amazing views looking out towards Pinoso. The property is split into two buildings. The main building has 4 bedrooms, 2 of which are "cave bedrooms" that are perfect for the summer to keep cool, 1 bathroom, a lounge / dining room with a fireplace at the entrance of the house, and a small kitchen. Connected to this building there is a garage which is being used for storage. Just outside next to the garage there is a small water deposit that has been converted into a small 10m2 pool for the summer. The second 48m2 building is currently being used as a storage room but could be converted into another living space. There are a total of 3 rooms in this building with enough space to have a bedroom, lounge, bathroom, etc. This house needs a bit of work but once finished it could be really something given the location.
