This spacious townhouse is situated in the popular town of Pinoso, close to all amenities. This single storey traditional house has been completely renovated in a rustic style and modernised to a high quality throughout. It also has a huge 800m garden at the rear, which is difficult to find in a town location. The land is classified as urban, so could be built on (with permissions) or a swimming pool added to it. There is large living/dining room, with a huge log burner and French windows which lead out to the porch at the rear. It has a spacious, modern, fully fitted kitchen, with dining space, log burner and a pantry. Outside is a separate laundry room, just off the porch. The property has 3 double bedrooms, all with fitted wardrobes and a family bathroom. The master bedroom has French windows giving access to the porch. Outside there is a long porch, perfect for al fresco dining and a further bathroom. The property has an 800m2 walled garden, which is basically a blank canvas, it has some animal pens and a shed on one side, but has enough space to install a pool. Double doors give vehicle access to the bottom of the garden. This would be make a great family home, early viewing is recommended.
