Beautiful independent villa recently completely renovated, it has 3 bedrooms and 2 full bathrooms. The property also has an additional room with new equipment for use as a laundry room and another good size room for storage. The garden has been designed in a Mediterranean style and requires low maintenance, it also has a recently built private pool. In the garden you can enjoy 2 distinct areas to relax, one next to the pool and the other next to the house where an area with a modern outdoor kitchen has been created with all the necessary equipment to make the most of our good weather. The electrical and plumbing installations have been completely replaced by modern materials of the best quality. The good location of the chalet allows you to walk to all services. A visit to the property is highly recommended to appreciate the qualities and its good distribution, which has been designed down to the last detail.
