The newest part of Porto is Antas. This residential neighbourhood is being transformed into a luxurious area with brand-new developments and this one was the first to lead the way. There are ninety units in this project, and only three T4 apartments are left. The spacious penthouse apartments offer the best views, privacy and large covered balconies looking southeast. They are on the seventh floor and all come with three parking spaces. Hardwood oak floors are found in the living rooms and all bedrooms. Modern kitchens and the best domestic appliances come standard in all units. There is central heating and cooling in every room. Floor-to-ceiling glass doors surround every unit, so not only is there copious amounts of natural light all day, the living room and most bedrooms have access to the large balconies. While every unit has a private laundry room, there is also a facility in each building for residents, as well as a party room.
