Great opportunity to renovate an old townhouse situated in the oldest part of Pinoso town. The house needs refurbishment and some modernisation, as it has been empty for several years. Upon entering the house there is a small living room and ground floor bedroom, a slope built to provide disability access takes you to the first floor, where you will find a kitchen, another small living room with open fireplace and the bathroom. There is another access door to the street from here. Upstairs there are 2 further bedrooms. The stairs also lead to a large outside terrace. The house has a new roof and the majority of the house has new windows. It has mains electricity, mains water and mains drains.
