The images of the dome are CGI / renders, they are a recreation of what the domes look like once built. There is always a possibility to see a dome which is already built and some who are in construction ----- Casa Altea is a house made up of three attached domes with a total built area of 165m² consisting of three bedrooms, 2 bathrooms, laundry area and open plan lounge / dining room / kitchen area. - Main dome 79m² with entrance hall, living room, fully furnished kitchen, with modern island and smoke extractor (except electrical appliances). A complete bathroom. The kitchen open to the living room allows us to enjoy wonderful views through the panoramic window. The large kitchen can be built with a granite bench, or similar. - 2nd dome 43m² with two large bedrooms. - 3rd dome 43m² with a large bedroom suite, private bathroom and dressing room. - Basement 2.30m high and with an area equal to the house built. Motorized door and access ramp for vehicles. - Beautiful hexagonal windows with exclusive triangular windows, watertight, with exterior bamboo wood, double-chamber glass and Guardian Sun (low emission and solar protection). - Continuous 14cm cellulose insulation throughout the roof of the house, thus eliminating thermal bridges and pr...
