The images of the dome are CGI / renders, they are a recreation of what the domes look like once built. We have a dome for sale that has already been built if you would like to see one that is finished ----- Casa Canada is a 2 floor geodesic house with a built area of 210m<sup>2</sup>, it consists of four bedrooms, two bathrooms, complete laundry area, toilet and open plan lounge / dining / kitchen area. The first floor is an open plan lounge/kitchen/dining area with a toilet, utility room and the main bedroom which has its own private bathroom. The second floor contains the other 3 bedrooms and a bathroom. Basement 2.30m high and with an area equal to the house built. Motorized door and access ramp for vehicles. These homes are constructed to be energy self-sufficient and respectful of the environment. Natural eco friendly materials are used in the construction and alternative energies, natural water purification and recycling are also studied. The domes can also be changed slightly to fit your needs. In order to build in the area of Pinoso you require a minimum of 10,000 m<sup>2</sup> of land therefore you will need to add the cost of the land to the cost of the build. We have many different plots for sale in the area so we can show you some examples when y...
