19th century farmhouse with a building typical of the luxury villas of the former nobility. This is a wonderful opportunity for enthusiasts of restoration projects. It has a constructed area of 1,600 sqm between the home and the warehouse. The main house is a castle that has two floors. We find several noble rooms and a chapel. In front of the main building, we find an agricultural warehouse and a garage in good condition. The total area of the property is 112,232 square meters, of which almost 64,000 are planted with almond trees, about 30,000 with olive trees and the rest with pine trees, as well as a small orchard. The farmhouse has the right to 24 hours of water every 15 days from La Devesa's spring. In addition, it has a large circular pond suitable for irrigation or even to be transformed into a swimming pool. This property offers a traditional lifestyle. Its environment offers us tranquility and privacy. At Found Valencia, we can help with all aspects of renovation and construction, as well as finding and dealing with architects and council planning departments. This is undoubtedly a wonderful option for clients who want a large property in a quiet environment with all the services at their disposal. It is 2 kilometers from the center...
