This country house sits in 14000m2 of fenced land between the towns of Pinoso and Monovar. It is constructed from wood and to a high standard. The lounge dining kitchen is open plan and there are 3 bedrooms and a bathroom. Water is on site but there is no electric at present but there are nearby properties connected to the mains supply so it could be possible to bring it to the property, alternatively a solar system could be added. The country location is superb and there are gorgeous views from every aspect. It would be possible to extend the house and add a pool if required because the land size meets the criteria for further construction.
