This huge property is located in a village just 5 minutes drive from the affluent town of Pinoso. There is a large house with a large winery behind which could be converted into another house with independent access. The main house has had a complete new roof and most of the structural work is complete and much of the original features remain, including the olive press in the bodega. There is mains water, electric and sewage available at the property which has a large courtyard with room for a swimming pool. There are 2 further pieces of land, one in front of the house where you could build a garage or car port and another piece planted with shrubs. This property would make a great project to complete or we have local builders that could do it for you.
