This property presents an exciting project to restore a traditional cave house situated in the hamlet of La Raja near La Zarza. The large property could be converted into a spacious family home or guest house. The building requires complete refurbishment. There is a garage to the front of the property and land behind the garage. Mains water and electricity are not installed but the services run at the front of the property. There is an entrance hallway with a bedroom to each side of it, a lounge with a inglenook fireplace and a further bedroom. Natural light is provided by 2 light tunnels into the various cave rooms which are in good condition. Upstairs there are 2 large rooms with beams. Half of the roof has already been replaced.
