The direct westerly orientation of the swimming pool entertaining areas means the sunsets are directly in front of you. The detail and quality in which this 430m2 home has been constructed is very evident as you enter, load bearing armored concrete, high ceilings, vast natural light are only some of the charms this home offers. Materials such as various types of hand cut marble are the first sign of its master qualities, two fireplaces serving both dining and sitting areas of the lounge and finished in cut stone. The large lounge window allows views of the gardens and valleys and its design has been taught about in great detail. The dining area seats 12 people and is linked with the main fully fitted kitchen, access to the rear entertaining area of the property is through the kit...
