Beautiful renovated apartment with river views in the city centre. The apartment is located in the Alfama area in a building that was completely renovated in 2003. This apartment has a spacious living room overlooking the Tejo river and the new Port of Lisbon. It also has one storage room, a fully equipped kitchen, one bathroom with shower and one bedroom. Alfama is currently going through renovations, preparing for the new Port of Lisbon that will receive all the cruise ships for all over the world. The entire area of Campo das Cebolas will be renovated and become a beautiful park with green areas. The Port will bring more life to this area and more service and this is why the apartment is a great investment opportunity.
