Porto is a city that dates back centuries, and as it comes into the spotlight of the 21st century, classic buildings of years ago are now being renovated into luxurious residences. We are proud to present to you a brand-new development of a 15th Century palace by one of our favourite developers. This palace will become 16 upscale residential units, that can be purchased fully furnished and with a lease agreement that provides guaranteed returns to the owner over a period of five years, with the opportunity to renew. This would also cover all costs associated with the units (utilities, management, insurance, etc.). All apartments will come with fully equipped kitchens, air conditioning, and some of the best views of the city. There are two units that have large private gardens, and almost every unit has a balcony or veranda. Apartments vary in size from 76 m2 to 110m2. There are ten fabulous units for you to choose from, so please book your visit to the site today.
