A green oasis in the heart of Lisbon. With an iconic facade and sophisticated interiors, the development comprises 26 apartments, types T0, T0+1, T1 and T2 Duplex, which offer comfort and all the amenities to its residents. The studios are priced at 350,000 euros up to the three-bedroom duplexes at 1,507,000 euros. The gated community includes private gardens, parking and a swimming pool, thus enabling an even greater involvement between the interior and the exterior, making the connection with nature that characterises the space even bigger. Located in one of Lisbon's most charismatic districts, they are an example of harmony between modernity, tradition and nature. Here, you will be able to treat your soul with the scent of green and the depth of blue created by a 180 m2 green garden with water running through it. You'll feel sheltered from the bustling city on a rooftop covered with vegetation, which, along with the green patio, allows its users to sharpen their senses while maintaining the comfort of cosmopolitan life.
