Apartments with three en-suite bedrooms, living and dining room that feature a fully equipped kitchen. Located in a five-star resort where the landscape and architectural integration with the surroundings of nature were well preserved, these apartments all offer stunning views over to the entrance of the Atlantic Ocean into the beautiful Óbidos Lagoon. All of the apartments have access to the condominium shared swimming pool. The walls in stained stucco paint, flooring and doors with the appearance of raw wood, bring shape to the interior decoration intended to be organic and sophisticated, with soft and neutral colours, so that the tranquillity and harmony with the nature of the location are experienced from the very first moment. Calm, cosy and serene environments give preference to organic forms, elements of natural aspect and the contrast between textures.
