House with plenty of outdoor space - Calle La Hoz - Oliva - OCTH229400 This is a property that could be a lovely home once restored to its former glory! It is on one of the most emblematic & historic streets of Oliva. On the ground floor, there is a lounge/dining room, up a few steps, there is a good sized kitchen with skylight, a bedroom facing the street and a full bathroom. On the first floor there are 2 more bedrooms and another bathroom. From one of these rooms, you come out onto a small terrace, which connects to a slightly higher terrace, very large and with nice views. The property has had a drainage issue which has been resolved but the internal work needs to be finished off. Most of the other issues are quite obvious water damage and the sources are easily identified on the terrace. With an input of approximately 50.000€, this house could be beautiful again. This realistic quote has been provided by a local, very well established builder. It has many possibilities & just needs someone to realise its potential as a great investment opportunity.
